

CHILLER/BOILER SERVICE AND REPLACEMENT:

Expert services, long-term value. Chiller and boiler repair and service is a Scalise specialty.

With decades of expertise, from the waterside to the controls, our chiller and boiler technicians are equipped to perform emergency service, preventive, and contract maintenance and repairs for all commercial and industrial properties to maintain reliable operation of their equipment.

Chiller & Boiler Service and Replacement

When properly maintained, chillers not only provide critical comfort needs to the people and the equipment in the buildings but also help reduce your operation costs through increased energy efficiency when properly maintained. EMCOR Services Scalise Industries' technicians are your resource for comprehensive, high-quality chiller and boiler services. And since we're brand neutral, we have vast experience servicing machines from all manufacturers.

Our services include:

- » Centrifugal Chillers
- » Water/Air-Cooled Screw Chillers
- » Scroll Air-Cooled Chillers
- » Reciprocating Chillers
- » Absorption Chillers
- » Medical Chillers
- » Chiller Rentals
- » Refrigerant Management
- » Cooling Towers
- » Refrigeration
- » Process Piping
